Title: AUTOMATED EVALUATION OF OVERLY REPETITIVE WORD USE
IN AN ESSAY

RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313

In response to the Restriction Requirement dated March 15, 2006, Applicants provisionally elect, with traverse, the invention that the Office designated as Invention I (Claims 1-30) drawn to evaluating an essay by comparing it to a model, classified in class 715, subclass 530.

The Restriction set a shortened statutory period for response of one month set to expire April 15, 2006; accordingly, this response is timely filed.

Amendments to the Claims begin on page 2.

Remarks begin on page 9.
